# Introduction

Fourways Construction cc (FWC) is a 100% Namibian-owned company established in 2000.

Today, FWC is a trusted name in the construction industry, providing comprehensive solutions from planning and design to full-scale construction.

Over the years, we have successfully completed more than 70 projects, with a combined value exceeding N\$500 million, across both the private and commercial sectors.

While our staffing levels adapt to the scale of our projects, FWC proudly employs an all-Namibian workforce. With a strong core team, we are well-positioned for sustainable growth and long-term success.
